

SWEET Program at Camp Kostopulos

Summer Work Exploration & Experience Training

The ***SWEET Program*** at Camp Kostopulos will provide an opportunity for eligible applicants (ages 16 to 21) to receive assistance in developing and maintaining vocational interests, work readiness behaviors, interpersonal/communication skills, and knowledge of current work practices.

The Kostopulos Dream Foundation and The Utah State Office of Rehabilitation have carefully constructed a partnership that will guide potential employees to success through mutual trust, respect, and integrity.

Our job coaches will supervise and assist in learning specific job tasks, will address any on-the-job issues that need correction, will maintain an open line of communication between staff/management, and will provide weekly progress reports to each member of the ***SWEET Program***.
