I. SLO Learning Goal

A.	<p>Selected Standards Look at the standards associated with your content. Determine what the “big ideas” are for the given instructional period (typically a school year or semester). List the standards and reference number. Where applicable, Utah Core Standards must be identified.</p>	<ol style="list-style-type: none"> 1. RF,4b. Read grade-level text orally with accuracy, appropriate rate, and expression on successive readings. 2. RF,4b. Read grade-level text orally with accuracy, appropriate rate, and expression on successive readings. 3. RF,4b. Read grade-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings. 4. RF,4b. Read grade-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings. 5. RF,4b. Read grade-level prose and poetry orally with accuracy, appropriate rate, and expression on successive readings.
B.	<p>SMART Goals List the SMART goal(s) that target the SLO Learning Goal.</p> <p>S - specific, focused on standards and “I can” statements M - measurable, can be appropriately and adequately assessed A - appropriate, meaningful for students R - realistic, achievable within the identified time span T - time-limited, can be evaluated within the time span</p>	<p>S: I can read with sufficient fluency and accuracy to support comprehension M: Fluency timings A: Meets the standards as set forth USOE R: Develop some level of mastery for the standard by the end of the year T: Progress monitoring will occur throughout the year</p>
C.	<p>SLO (Learning Goal) Write a description of what students will know and be able to do at the end of the course or grade based on content standards and curriculum.</p> <p>Students will achieve (1-25%) growth in reading fluency by achieving _____ words per minute with at least 75% accuracy.</p>	

II. Teacher SLO Implementation Plan – Formative, Monitoring

A.	<p>Strategies For Attaining SLOs Briefly identify the recommended instructional strategies, artifacts and evidence to be collected and timelines for monitoring student growth.</p>	<p>Instructional Strategies -individual and small group instruction - high rate of student response -continuous scanning and monitoring -immediate reinforcement and feedback -guided practice</p>	<p>Evidence/Artifacts -teacher-charted records -data logs</p>	<p>Monitoring Dates -3 trials over the course of the year</p>

III. Assessment of SLO

A.	<p>Description of Assessment A brief description of the pre and post SLO measures should be provided here. It should specifically include sources used in the assessment development. Attach a copy of the pre and post assessments.</p>	<p>The pre-assessment is a reading passage of 100-200 words that the student reads aloud. The post-assessment is a reading passage of 100-200 words that the student reads aloud.</p>
-----------	--	--

B.	District Baseline Data or Historical Data/Trends Baseline data, previous data, or data trends are essential to the SLO since they provide the basis for the SLO growth targets. Provide a description of the data used here.	
C.	Evaluating Student Performance Describe expected student growth achievement using percentages or rubrics. Attach the specific rubric and/or scoring criteria to be used.	The expectation for individual student growth is to achieve (1-25%) growth in reading fluency by achieving _____ words per minute with at least 75% accuracy.
D.	Formative Evaluation Describe what formative evaluations would be recommended to monitor student progress toward the SLO.	A passage of 100-200 words that the student reads aloud will be given three times a year.
IV. Classroom Assessment Data		
A.	Classroom Baseline Data Briefly describe data analysis completed after results of pre-assessment. Also consider student achievement information, data analysis from other sources or observational data. (Classroom teacher provides the data.)	
B.	Achievement Record the actual percentage of students who achieved the growth goal and reflect on student progress.
