“Test Your Knowledge of Special Education Discipline Procedures”

1. The school must do a manifestation determination when a student on an IEP is suspended from school for 3 days. True False
Any exceptions?
2. The school team must do a FuBA and BIP before a student on an IEP can be suspended. True False
3. Students with IEPs can never be suspended from school, even when the incident involves weapons, drugs or serious bodily injury. True False
4. When a student on an IEP violates a code of conduct and it is a manifestation of their disability, the student must be returned to their current placement. True False
5. If the parent disagrees with the sanction, requests an expedited hearing and “stay put” is ordered, the student must return to the current placement. True False
6. If a student on an IEP is properly expelled, no services are required. True False
7. If a student with an IEP is sent home to “cool down” or “chill” and the parent agrees, the days are counted as days of suspension. True False
8. It is only necessary to do a FuBA and BIP when implementing discipline procedures. True False
