Current Message:

What Causes Duplicate Goals and Checkboxes in Progress Monitoring?

Duplicate goals and checkboxes in progress monitoring are caused by having GoalView open multiple times in the same browser. To keep this from happening, please make sure that you just stick to one session at a time.

When you are finished with a GoalView session, be sure to click the "Logout" button at the top right corner of the GoalView screen. This will close your current session, so that when you log back in, you won't have multiple sessions open at the same time.

Please contact me if you have any questions, or encounter this problem.

Liz Ostler, GoalView Manager
